## Prosthetist - LPC

Steeper Group is a privately-owned business that was formed almost 100 years ago. Since then we have expanded across prosthetics, orthotics and assistive technology – with a focus on creating significant turning points in individuals' lives through exceptional clinical services and award-winning products.

We are a true leader in our market. From humble beginnings, we have grown to become one of the UK's largest suppliers of Orthotic, Prosthetic and Assistive Technology products. Uniquely, we combine age-old craft skills with the latest innovations in manufacturing and materials.

**Steeper's vision is to create life's turning points, together. We aim to do this with innovative prosthetic, orthotic and assistive technology products and services.**

An exciting opportunity has arisen for a Prosthetist to provide and promote a high standard of Prosthetic care and treatment across a range of amputation levels, both Upper and Lower extremity, within our private prosthetic centre: The London Prosthetic Centre based in Kingston.

As a prosthetist you will be required to act in a professional manner at all times to other members of the team, the patients and their families. You will be required to cast, fit and deliver a well-fitting prosthesis and maintain the fit and mechanical integrity of the prosthesis while meeting the clinical needs of the patient.

In addition to this you'll also need to:

- Assess, measure, cast, fit, deliver, supply, review and adjust prosthesis as required across a range of amputation levels, both upper and lower extremity.
- Cast and rectify models in a timely fashion using both traditional methods and CAD/CAM where appropriate.
- Manage the patient's case, including patient expectation, ensuring the individual's needs are respected and ensuring the patient is informed throughout the process with clear explanations of proposed interventions.
- Maintain good knowledge of available components and understand their function.
- Work within the parameters of accepted "best practice" at all times. To ensure that all aspects of practice conform to clinical governance at all times.
- Act as a resource for clinical cover for annual leave, sickness, planned absences or emergency cover where appropriate.
- Work as part of a multi-disciplinary team to ensure the most appropriate and effective treatment for patients.
- Identify, in conjunction with the Clinical Director and other Prosthetic Staff, service developments and/or improvements to ensure efficient and effective use of resources.

As well as demonstrate attributes that align with the four pillars our brand:

- Positive turning points
- Innovation
- Partnerships
- Empowering and enhancing lives

The list above is not exhaustive.

If you feel you have the necessary attributes to be considered for the above position, to apply, please complete an application form or submit your CV. Application forms can be obtained by emailing the HR team on (hr@steepergroup.com). Alternatively visit [www.rslsteeper.com/careers](http://www.rslsteeper.com/careers) and download an application form from the website.

**The closing date for applications is 3<sup>rd</sup> May 2019.**
